

ADVANTECH

Next-Gen Commerce Solutions

accelerated by intel.

Personalized Experiences Driven by Intel Technology Advantech's UTC and UBX series deliver reliable, scalable, and high-performance solutions for retail and QSR environments. The UTC series features customer-facing devices like self-service kiosks and digital signage, while the UBX series handles backend operations, transaction processing, and data management. Together, they streamline workflows, improve customer interactions, and boost productivity. Powered by Intel technology, these solutions ensure future-readiness, seamless scalability, and enhanced efficiency in a rapidly evolving market.

Scalable
